To Print
by Month
<p>print this</p> <p>Simply go to the menu bar and click on "Print." A box will appear. In the box titled "Print Range," click on "Entire Document." Then click "OK" next to the "To" one at the top of the list of the pages you want to print. The pages corresponding to the months of the year, beginning with January, will appear in the box that is titled "Print Range." For example, April is the fourth month of the year, so it will appear at the top of the list. If you want to print just one month, click on its page number in both the "From" and "To" boxes.</p>
